The Archbishop's Charter for Catholic Schools

"Catholic Schools are a vital expression of the mission of the Church in the Archdiocese of Hobart. They are the means by which not only students, but also families and the staff experience the richness and beauty of the Christian life".

Julian Porteous DD, Archbishop of Hobart

The Archbishop's Charter for Catholic Schools provides the basis for the Archbishop to 'mandate' Catholic schools and colleges within the Archdiocese of Hobart. The mandate of the Archbishop represents his formal commissioning of a Tasmanian Catholic school or college to act as an evangelising agent of the Archdiocese.

The Charter, which draws inspiration from Sacred Scripture and key Church documents, focuses on four domains:

- Catholic Identity
- Learning
- Leadership
- Mission

Catholic Identity

The person of Christ is at the heart of Catholic education. Christ's teachings and the Gospel message permeate Catholic school life. School communities give witness to their distinctive educational, spiritual, moral and social purpose within the evangelising mission of the Church.

Learning

All our learning programs support students' growth in human and Christian virtues so that they grow as integrated human beings. Our curriculum seeks to promote and deepen each students' understanding of the Catholic faith and their commitment to Christian values.

Leadership

Leadership is Christ-centered and is marked by a spirit of service. It is dedicated to the building up of the school community as a community of faith. Catholic leadership is about responding to Christ's command "go into the world and preach the Gospel to the whole creation" (Mark 16:15).

Mission

The Catholic school exists as part of the evangelising mission of the Church. The Catholic school should be available to all families who desire a Catholic education for their children.

Insight – Science of Learning and Reading

Catholic Education Tasmania has embarked on an innovative learning and teaching initiative – *Insight*. The *Insight* project will revolutionise our approach to teaching and how students learn.

Insight, based on the science of learning and reading, encompasses the way we teach in every classroom. This teaching approach empowers all educators to help their students grow in knowledge, wisdom and service.

Our *Insight* Project has one single objective: to improve the learning achievement of every student in our schools. The *Insight* project focuses on improving the three key foundations of teaching and learning:

1. A comprehensive, knowledge rich Curriculum: that supports student's growth in learning, knowing and remembering – every day.
2. Cognitive Science (the Science of Learning): Developing our understanding about how people learn; to overcome the limits of working memory in order to maximise student learning and to build long-term memory in all key subjects.
3. High impact Pedagogy: Regular and intensive coaching to assist our educators in actively applying the science of learning as we design highly efficient and effective teaching and learning methods in the classroom.

Catholic Education Tasmania is committed to supporting every student to grow in understanding and knowledge. We firmly believe the *Insight* project will serve the growth of our students as they understand the communal knowledge needed to function and flourish in society and in turn, build on their prior knowledge to respond in critical and creative ways to real world problems and daily life challenges.
